

① A special evening “Kagura” Performance to be enjoyed with all 5 senses Oda City/Shimane/Japan

Tour overview:

Get familiar with the intriguing world of Iwami Kagura - a traditional sacred performance with a long history that goes back to the legendary roots of Japan.

First, check-in to your traditional accommodation at Yunotsu Onsen and feel free to enjoy the *onsen* hot springs before a traditional *kaiseki* style meal made using the freshest local ingredients accompanied by locally produced *sake*.

After dinner, move to the local Shinto shrine for a special Kagura performance, which will take place as in the ancient times: under candle light illumination. Regularly held Kagura performances are part of this town's life and the audience is mostly composed of local people participating in this charming traditional event. While Kagura is a sacred performance with strong links to Shinto religion, it is overall a colourful, lively and entertaining show that can be enjoyed by everyone.

*As a recommended option, you have the chance to also interact with the performers and create your own Kagura performance mask, a very special and unique souvenir to bring home.

Precautions against the spread of Covid19 infection:

Audience is asked to wear a mask during the *kagura* performance. Hand sanitizer is provided at the entrance of the venue.
