

### ③ Visit Iwami Ginzan and make your own unique silver ring with a local silver craftsman

Oda City/Shimane/Japan

#### Tour overview:

Create your own personalized silver ring together with a local craftsman at Iwami Ginzan, one of Japan's oldest and most glorious silver mining areas. First, think of a message to inscribe inside your ring. Then, join a local silver craftsman at his atelier, where you will be able to design a silver ring shaped upon your taste, using the local silver. After making your ring, take a guided walking tour of the beautifully preserved town, while the craftsman refines your ring. Go back to the atelier for a final brush up and receive your personalized souvenir made of silver, which is thought to help bringing success to people who wear it, just as it brought prosperity to this ancient town. ※Working with sandpaper may cause your hands to get dirty.

#### Precautions against the spread of Covid19 infection:

Small group of maximum 4 participants, social distancing during tour and ring making experience.
