

⑨ Enjoy the treasures of Mt Sanbe: Soba, Rice and Wasabi

Oda City/Shimane/Japan

Tour overview:

Native buckwheat, wasabi, and rice grown in the rich soil and water of the national park. Six restaurants in the vicinity of Mt. Sanbe National Park have created a common menu and offer it as a "set meal". The simple combination conveys the true taste of the food.

- ※The menu may change depending on the restaurants.
- ※Business information is subject to change.
- ※Please contact us for a tour of the wasabi fields.

Precautions against the spread of Covid19 infection:

Mask to be worn during tour, hand sanitizer provided at entrance of venues. During meals, reduced number of people per table and social distancing.
