Yunotsu (Town of Port & Hot Spring), a Special Preservation District for Groups of Historic Buildings

Yunotsu Walking Map

This port town blessed with hot springs developed as transport hub of Iwami Ginzan World Heritage Site. The townscape largely unchanged since the Edo period remains to be enjoyed by visitors with an array of traditional buildings (Machiya, Kaisendonya, Onsen Ryokan, shrines and temples). It is the only hot spring town in Japan designated as a Special Preservation District for Groups of Historic Buildings (2004).
